

Pre-conference Workshop

Title Training in Urban Health Equity to shape global future cities

Date

26 September 2017 9:30am -12:30pm

Organisers

Jason Corburn, University of California at Berkeley, USA;
Henock Blaise Nguendo-Yongsi, University of Yaounde II, Cameroon;
Gerard Salem, University of Paris-Ouest, France;
Waleska Caiaffa, Federal University of Minas Gerais, Brazil;
Tolu Oni, University of Capetown, South Africa and invited guests

Background

The ISUH is committed to supporting and shaping urban health education around the world. This pre-conference workshop will build on previous global dialogues and ICUH sessions. The results of a global survey conducted by the ISUH Working Group on Education and Training to gather models for urban health education will be presented.

Objectives

This workshop will discuss the training needs for promoting urban health equity. We will hear from participants and invited guests on how to organize new training in urban health equity in university settings, define core competencies, and engage city decision-makers and NGOs to move from education to practice.

At the end of the session, participants will:

- (a) have an understanding of current university-level urban health training programmes;
- (b) discuss and co-design the core competencies for a global urban health training programme; and
- (e) shape the work plan for the ICUH Working Group on Education and Training for 2018.

Format

Interactive and group discussion

Target audience

The workshop is open to academics, NGO leaders, government officials and others from disciplines including public health, urban planning, medicine, geography, design and others. Minimum of 10 participants and maximum of 60

Venue

Information will be sent to the registered participants by email.

Registration fee

Free of charge. The registration to the International Conference on Urban Health is mandatory to be enabled to attend the pre-conference.
